

Product Name :
Horizontal Rotary Surface Grinder

Product Code :
gm0002

Description :

Horizontal Rotary Surface Grinder

Technical Specification :

Horizontal Rotary Surface Grinder.
Grinding Wheel Electric motors 440 volts 3 Phase V-belt Starter Guard for grinding wheel and motors Magnetic Chuck.

SPECIFICATIONS		
	Inch	mm
Take size overall	12"	300
Working Surface of table	20"	500
Grinding face capacity	20"	50
Vertical Movement of Wheel Head Slide	9"	225
Maximum Height from rotary table to grinding wheel	12"	300
Cross Traverse Movement to grinding wheel head	10"	250
Grinding Wheel	12" X 1" X 1"	300 X 25 X 25
Spindle Speed	2800 RPM	
Total Length of the grinding Wheel head Slide	31"	775

Total Length of the grinding Wheel width
--

9"

225
