

**Product Name :**  
Hydraulic Test Pump

**Product Code :**  
wh0007

**Description :**

Hydraulic Test Pump

**Technical Specification :**

Hydraulic Test Pump.

Hydraulic test pump designed for testing pressure cap. of different materials like drums, valves, boilers, barrels, tanks, for pressure vessels and cylinders complete with stand, pressure gauge, check valve and outlet valve with water tank having following specification.

Test pump pressure Kg. CM2	Lbs Sq.	inch Tank Cap.lier
70	1000	8
140	2000	8
210	3000	8
350	5000	20
700	10000	20
1000	14000	20
