

Product Name :
Cone Penetrometer

Product Code :
Soil Testing0003

Description :

Cone Penetrometer

Technical Specification :

For determining the Liquid Limit of soils. This is specially useful to obtain reliable and accurate results for those soils which have low plasticity index. The percentage moisture contents determined when cone with half angle of 15-30 minutes under a total sliding weight of 148gm penetrates 25 mm gives the Liquid Limit.
