

Product Name :
Strain Gauge Transducers

Product Code :
Measurement0001

Description :

Strain Gauge Transducers

Technical Specification :

Piezo resistive transducer for strain measurement.

Micrometer 0-20mm (Accuracy 0.01mm) for strain generation.

Strain gauges mounted on cantilever in half & full Wheatstone bridge and instrumentation amplifier with Zero & span adjustment for calibration

Experiments on Gauge factor determination, Strain indicator, Displacement measurement using Strain gauges.

We are well-known manufacturers, OEM suppliers of Strain Gauge Transducers for Measurement and Control Lab Equipments. Contact us for high quality Strain Gauge Transducers for Measurement and Control Lab Equipments for schools lab, college lab, universities, research labs, various teaching and workshop training laboratories and industries in India.
