

Product Name :
Steam Power Plant Lab

Product Code :
Steam Power0001

Description :

Steam Power Plant Lab

Technical Specification :

STEAM LAB (mini power plant) is rugged in construction. It employs all industrial components. But for the size it is a power plant. It is NON IBR Type boiler with single stage steam turbine. The plant is complete with condenser all measurement system, safety device, pipings, control systems etc.

EXPERIMENTAL CAPABILITIES

1. Efficiency of Boiler
2. Heat Balance of Boiler
3. Various Efficiencies of Turbine
4. Heat Balance of Turbine
5. To plot curves of Pressure Vs Load
6. To plot curves of Steam flow rate Vs Load
7. To determine dryness fraction of Steam

We are well-known manufacturers, OEM suppliers of Steam Power Plant Lab for Steam Power Plant Lab. Contact us for high quality Steam Power Plant Lab for Steam Power Plant Lab for schools lab, college lab, universities, research labs, various teaching and workshop training laboratories and industries in India.
