

Product Name :
U.V. Transilluminator College Model

Product Code :
CENTRIFUGES0012

Description :

U.V. Transilluminator College Model

Technical Specification :

It is required in biotechnology, Molecular Biology application in colleges, Universities, Research Institutes.

- Design: College Model transilluminator
- Model: T1-20
- Wavelength: 365nm band
- No. of U.V. Tubes: 8 imported
- Voltage: 8 Watts
- Detection Limit: 200 ng
- Blue Plate Area: 185 x 185 mm approx.

- Body MS with powder coated

- UV Protection Shield Film
