

Product Name :
U.V. Transilluminator Research Model

Product Code :
CENTRIFUGES0013

Description :

U.V. Transilluminator Research Model

Technical Specification :

- Power supply Model : 500117
- Item U.V. Transilluminator smart look, very accurate
- For research work
- Wavelength Dual Intensity 302 and 365nm
- No. of Tubes 6
- Voltage 240v
- Detection limit 0.01 ngm. of stained DNA
- View area 210x350mm

- Filter Quartz UV filter
- Body Aluminium pressure die casted body
- Furnished in Black powder coating
- UV Protection Shield Yes.
