

Product Name :
U.V. Transilluminator Research Model

Product Code :
CENTRIFUGES0014

Description :

U.V. Transilluminator Research Model

Technical Specification :

- Power supply Model : 552116
- Item Ultra thin U.V. Transilluminator Very small look Portable, very accurate for research work.
- Wavelength 302nm
- No. of Tubes 4
- Voltage 8 volts
- Detection limit 0.01 ngm. of stained DNA
- View area 105x80mm

- Filter Quartz UV filter
- Body Aluminium pressure die casted body
- Finished in PEEK powder coating
- UV Protection Shield Yes
