

Product Name :
Dissolved Oxygen Meter

Product Code :
ELABANALYTICAL0023

Description :

Dissolved Oxygen Meter

Technical Specification :

Highly Stable and Accurate
3½ Digit LCD Display
DO & Temperature Measurements

Digital Dissolved Oxygen Meter.

These instruments are extremely useful for agriculture, soil analysis, fisheries, water quality control in boiler feed water, water works, breweries, water purification plants, chemical and pharmaceutical industries etc.

Range: DO: 0 - 20 ppmTemp.: 0 - 60 °C

Resolution: DO: 0.1 ppmTemp.: 0.1 °C

Accuracy: DO: 0.1 ppmTemp.: 0.2 °C

Stirrer: Available

Temp. Comp: 0 - 50 °C (Manual)

Calibration: Manual

Display: 3½ Digit Seven Segment LED

Power: 230 V AC \pm 10%, 50 Hz

Accessories: Gold/Silver Amperometric DO Probe, Set of DO Membranes, Temperature Probe Stirrer and Magnetic Capsule, Operation Manual and Dust Cover,

Elab Engineering Equipments Manufacturers
