

Product Name :
Pneumatic Circuit Trainer

Product Code :
ELABCONTROL0002

Description :

Pneumatic Circuit Trainer

Technical Specification :

Electrical control of double acting cylinder.
Sequence of double acting cylinder.
Pneumatic logics.
Semi- automatic sequencing of two double acting cylinders
Continuous sequencing of two double acting cylinders with solenoid valves.
Continuous sequencing of two double acting cylinders with solenoid valves.
Sequencing of two cylinders.
Speed control circuits.
Quick return / fast approach circuits.
