

Product Name :
Helium Neon Laser Light

Product Code :
EEI0009

Description :

Helium Neon Laser Light

Technical Specification :

A 2 milliwatt Laser, Mountable on optical bench, with in built power supply workable on 220V AC, 50Hz. Design for continuous working. Highly rugged mechanical setup. Up-down motion for beam.

Laser Accessories:-

1. Low Line Diffraction grating for laser wave length

2. Young's double slit

3. Hand micrometer

4. Grating stand

5. Laser Filter

6. Set of 15 (Demo Kit)

Single upper Slit, Holes A,B,C,D, Gray Filter, Multiple Slit, Circular Opaline Spot Mesh Multiple Slit 5 Grid Pattern
