Product Name:

Reciprocating single stage pump test rig (A.C motor)

Product Code: HYDRAULIC0003

Description:
Reciprocating single stage pump test rig (A.C motor)
Technical Specification :
The Classed Crossell Reciproceding Pump tend of constant of a reciproceding pump complete with 2 to prographic section 2.25 Mod. 25 Mo. 460 SMM resear. The Mahrings reportment can be
Graduated for the gusting the characteristic graphs—
Table has disveloped by prop.
Napal posses.
Efficiency of purply
A SSP south for organizing the motior and an energy nature for measurement of power trips. Playing uption consoling of play, gate value and filtings with pressure and excess gauges.
