

Product Name :
Hydraulic ram test rig (A.C motor)

Product Code :
HYDRAULIC0004

Description :

Hydraulic ram test rig (A.C motor)

Technical Specification :

Our range of Hydraulic Ram Test Rig are manufactured following international standards. Made available at the industry leading price, our products are on high demand from the very beginning. Addition to this, our range has been suitable for catering to the needs of our clients in an effective manner.

Feature:

- Optimum performance
- Reasonable price
- High durability
- Dimensionally accuracy

Specifications:

- Centrifugal pump of 25 mm x 25 mm with 0.5 HP motor

- A pump tank 120 cm long, 80 cm wide and 40 cm high

- Compact and stand-alone set up
