

Product Name :
Retracting Microtome

Product Code :
MEDICAL0002

Description :

Retracting Microtome

Technical Specification :

Accurate specimen advance.

Convenient specimen holder.

Protective cover for easy cleaning & lubrication.

Safety device.

Reduced hand stress.

Section thickness range

1-50 microns

1-50 microns

1-50 microns

Section thickness setting

In steps 1 micron

Knife length

120mm

Operation

Manual

Block (Specimen) Holder

Set of three

Object head

30% wheel

Vertical specimen stroke

25mm

40mm

Max. specimen size

20mm

40x50mm

Adjustment with locks

Provided

Thickness control	Manual		
Specimen orientation	360°		
Knots angle	0 to 10°		
Razor holder grip	Single	Double	Double
Dimensions	300x300x40 mm		
Weight	35 kg		35 kg
Dust cover	Provided		
Instruction manual	Provided		
L Mounts	Optional 50x50x20mm
