

Product Name :
Miniature CNC Lathe Machine

Product Code :
WMT0005

Description :

Miniature CNC Lathe Machine

Technical Specification :

- Small accurate lathe. It is suitable for massive production of meter, high accurate electric device & munitions.
- High accurate bearing provide high accuracy and high speed for the spindle unit. Ball screw highly increase the accuracy and durability.
- Integral protection design highly increase the speed of each axis and cleanness of guide way. (Optional Features: Collect, 3 Jaws Chuck Manual, Hydraulic Hollow Chuck)
- With part Square Guide Way, Hydraulic Chuck, Manual Tail Stock, Four Station Electric Tool Post, Automatic Lubrication.
