

Product Name :
DC STEPPER MOTOR TRAINER

Product Code :
EELELABT10016

Description :

DC STEPPER MOTOR TRAINER

Technical Specification :

With power supply of 24V DC/ 2.5A.

Switch for control current.

Switches for controlling the step angle.

Switch to control speed and direction

Big (torque=3nm) and small (torque=0.5nm)

Stepper motor with driver.
