**Product Name:** 

Modular Artificial Solar Source

**Product Code:** ELB-RENW0002

#### **Description:**

Modular Artificial Solar Source

#### **Technical Specification:**

#### **Technical Specifications of Modular Artificial Solar Source**

#### • Lamps:

Number: 6

Power: 1000 W each

Voltage: 220/380 V, 50 Hz, 3-phase

Life: 2000 hours

Type: double envelope halogen

#### • Mirrors:

Material: special surface aluminium

Shape: parabolic

Radiation received by the mirrors is in part diffused and in part reflected to form a beam parallel to the axis of the

parabola.

Note: Two-lamps elements of the solar source can also be supplied on request.

#### **Dimensions and weight**

• 1000 x 850 x 200 mm

• Weight: 50 kg

### **Essential requirements**

• 220/380 V, 50 Hz, 3 phases 6 kW
