

Product Name :
Stainless Steel Ultrasonic Cleaner

Product Code :
ELAB-UTC0001

Description :

Stainless Steel Ultrasonic Cleaner

Technical Specification :

Stainless Steel Ultrasonic Cleaner
Ultrasonic Cleaner Tank Dim.:20cm x 15cm x 7cm liter
Cap.: 1.8 Ltrs U/S
Power: 50 Watts U/S
Freq.: 33 khz Input:180
Vac: 270 Vac
Ensures smooth working of cleaners within the voltage variation of 180-270 vac
Half the weight & size of the conventional machines
Competitive rates efficient service backup of India
Models can be made as per your specific requirements
Heater ensures high efficiency in cleaning
Cleaners are equipped with imported transducers for smooth and long life working
Industries Applicable:- Hospitals, Nursing Homes Educational Institutes
Electronic Industry, Jewelry Industry, Hotel Industry, Pharmaceutical Industry & Automobile Industry
