

Product Name :
Bunsen Burner with Flame Stabilizer

Product Code :
ELAB-BURN0001

Description :

Bunsen Burner with Flame Stabilizer

Technical Specification :

Stable and durable.
Reduce the risk of accidents and fire hazards with this No-Tip Bunsen Burner.
Base size: 6" sq. Choose from natural gas and LP gas.
The square-base design on this burner keeps the unit from tipping over during use and provides stability when a hose is attached.
Include a brass needle valve, an aluminum mixing tube, and a powder-coated metal alloy base for durability.
