

**Product Name :**  
Digital Ultrasonic Pipette Washer**Product Code :**  
ELB-PWA0002**Description :**

Digital Ultrasonic Pipette Washer

**Technical Specification :**

Automatic water supply and drain by Siphon principle.  
Strong cleaning power by industrial BLT transducer  
No need to change water when cleaning.  
Short cleaning time.  
Easy to check the inside of the round bath because it was made of acryl.  
Easy to use by attaching a digital timer.  
Convenient operation plate.  
Available to clean multiple pipettes with safety by a basket.  
Make: Power  
Frequency: 28 KHz  
Timer: 0-99 min (digital)  
Vessel Size: 160 x H685 mm  
Basket Size: 140 x H505 mm  
Overall Size: W 320 x D 320 x H 850 mm  
Water Flow Rate: 12 Ltrs  
Cabinet Material: Stainless Steel SUS 304  
Vessel Material: Transparency Acryl resin  
Output: 250 watt  
Power Supply: AC 220 V, 50/60Hz  
Accessory: Basket, Water Supply hose(3m)
