

Product Name :
Drilling Machine Wood Work Shop

Product Code :
ELABHTOOLSUK380003

Description :

Drilling Machine Wood Work Shop

Technical Specification :

An ideal machine for the demanding precision drilling.

This robust column drill press is equipped with an Electric Motor of 1.5 horse power and 8 different speed settings, with a minimum speed of 100 RPM and maximum speed of 2520 RPM!

Max Drilling Diameter 35mm

Maximum travel spindle:190mm

Max distance from spindle nose to generating line of Column :340

Maximum distance from spindle nose to surface to surface of base work table ,665mm

Maximum travel of work table :450

Spindle taper Bore :MT4

Spindle Speed steps :12

Spindle speed ranges:76-2,605

Spindle feed stapes:3

Spindle feed range :0.1,0.2,0.3

Dimension of work table 520X440

Effective working Area of work Table 405X395

Diameter of column:140mm

Power motor :3Kw

Machine Dimensions: 849X545X2290mm

Elab Engineering Equipments Manufacturers
