

Product Name :
Sand Mix Muller Machine

Product Code :
ELABHTOOLSUK460001

Description :

Sand Mix Muller Machine

Technical Specification :

Sand mixers are designed to mix the sand and other coarse aggregates.
The green sand mixed in this mixer improves the finish and strength.
The attrition is exerted by the pressure of the cast iron rollers.
The mix Muller is easy to maintain and remains strong for a considerable period, the control and the consistency of the system is maintained in our mixers and the performance of the mixer would be maximum as it is energy efficient and versatile
Suitable for Green Sand, capacity: 75 Kg to 1000 Kg
Material: Mild Steel
Voltage: 440v
Pan diameter: 3.5-5ft,
Rating motor, HP: 7.5-15.
