LAB ENGINEERING

Product Name :	**Product Code :**
Networking Accessories	ELAB-ENG-08-0003

Description :

Networking Accessories

Technical Specification :

Networking accessories e.g UPT cable, socket, splitter patch panel, reutter/switches.
Using gold-plated core to ensure transmission of signals.
3 network cable can be connected into the splitter.
PCB board is embedded to conducting circuit, to avoid damage to the conductor.
It Can shield the interference from external electromagnetic signal, to prevent the damagement of the signal.
