

Product Name :
Multi-Meter with

Product Code :
ELAB-ENG-10-0001

Description :

Multi-Meter with

Technical Specification :

As a general measurement tool, widely used in the school, laboratory, and other social fields. can be used on troubleshoot a variety of automotive computer circuit rotary switch.

The electronic meter can measure AC/DC voltage, AC/DC current, resistance, frequency, continuity, diode and Data retention, Manual range, etc.

Multimeter overload protection: Used the PTC protection circuit for resistance, frequency measurement double current fuses. High quality, more safety ant Automatic shutdown.

The digital multimeter with large digital display and color-coded LED's for battery quick check.

The multimeter is a small and compact design, comfortable to handle. It is made of superior material, durable and practical.
